**TO WHOM IT MAY CONCERN**

I have known Rennu Dhillon for the past 5 yrs. She has worked for Home Of Hope inc, in the capacity of a Committee Member in the Fund Raising Committee. She has helped us in all our Fund Raising drives which include, Walkathon and our Annual Fund Raising dinners. She has been responsible for the Entertainment in our Fund Raising dinners, which includes Fashion Shows, Dance Items etc. During this time she has also raised over \$20K for Hoh inc. In addition she has also donated in kind, towards our Education Project, which includes 100CD's worth \$7K. She has been very diligent and responsible while conducting her duties. She is very conscientious and self motivated. Words can't do justice to Rennu Dhillon, I was very impressed by her compassion towards the underprivileged kids that HOH serves. She truly feels empathy and always gives her 110% to what ever duty is allotted to her. She has also visited our Project In Mumbai, and collected clothes for the street kids in this Project. In addition, she was able to motivate other kids and Young Adults to do service work. ,

In my 10 yr career as a Physician and founder of Home Of hope ( a US Based non profit Charity), I have met many volunteers. Rennu Dhillon is truly RARE and will shine in whatever work she takes on. She is an evolved soul ...with a serious mission and goal in life .....to do GOOD and make a difference . I feel very blessed to know Rennu Dhillon and I wish her all the best . I will be glad to answer any questions and can be reached at 650-520-3204

Sincerely

Dr Nilima Sabharwal
